WALL DISPLAYS

STANDING FLOOR DISPLAY

COUNTERDISPLAY

Formani® offers the following displays to its dealers. The formats can be configured to present any of the hardware lines in any finish. The composition and content of the panels is entirely flexible with options in black and white

Please consult Formani for details.

# WALL DISPLAYS

Standard wall display

**Dimensions & Weight:**

- 714 x 1314mm
- Approx. 40 Kg

XL wall display

**Dimensions & Weight:**

- 924 x 1990mm
- Approx. 160 Kg

Standard or XL display including hangers to easy mount on wall yourself. Display includes steel frame, panels, functional display locks and hardware products of choice. All lever handles and accessories are functional to give clients a real experience. Customizable panels which can easily be removed and rearranged. Perfect display to show any collection, available in white, black (or combination) with FORMANI logo and pictures of designers included on the top.

\*Preferable choice for showroom\*

# STANDING FLOOR DISPLAYS

Standard floor display

**Dimensions & Weight:**

- 503 x 1956 x 503mm
- Approx. 100 Kg

XL floor display

**Dimensions & Weight:**

- 924 x 1990 x 924mm
- Approx. 200 Kg

Standard or XL standing floor display available in both black and white (or combination) with functional lever handles and other products. Customizable panels which can easily be removed and rearranged.

Panels can be combined in both black and white for a better presentation of the products. Great way to show multiple collections with only one display.

Attracts the attention in the showroom and doesn't take up as much space as our wall displays.

# COUNTER DISPLAY

## Dimensions & Weight:

- 200 x 318 x 160mm
- Approx. 8 Kg

Counter display very easy to bring and carry around.  
Elegant shape and mounted with the collection of your choice.  
Easy to use and ready on the spot.  
Perfect display for architects and when there is lack of space.  
Full functional display(both lever handle and lock) giving the client a real feel of our quality.

# SUITCASE SAMPLE

*Dimensions & Weight:*

- 515 x 410 x 200mm
- Approx. 10-12 Kg

Simple yet very elegant suitcase, perfect for traveling and visiting clients.  
Two foam layers on top of each other with shapes adapted to handles (first layer)  
and also space for more accessories (second layer).  
Easy to carry around and grabs the attention of architects.  
\*Weight including full first layer\*
